Member Announcement: Shuttle Trial Period

By now, we hope you're aware that we've begun a scheduled Shuttle Service from Lookout Lodge to The Village at Northstar. As you may know, we are in a Trial Period until June 1st, 2016 to be sure this is the best solution for the most members possible.

During this transition, there are a few important points that warrant reinforcing:

- This is a Trial Period. The goal is to test, assess, get feedback, and then make a final decision on how to proceed, given our options. We have not yet given up any options or rights.
- Please take a moment to review the shuttle schedule. The Club has designed it to provide maximum capacity when prior experience suggests it's most necessary.
- Consider trying the shuttles. Your feedback will be invaluable.
- Please respect the closure of Mill Site Road to private vehicles for you and guests. Transponders have been deactivated to support this limitation, but violations can potentially end the Trial Period and lead to few options ahead.

We know each of us feels very fortunate to be part of this special community. In addition to all the wonderful facilities, amenities and ambassadors, we all have many new friends and a love of Martis Camp. We are keenly aware that the East Gate dilemma is the most challenging issue we have faced to date. There are significant differences of opinion on the proper solution and there will never be one solution that satisfies all or accommodates each individual situation. We have and will continue to approach decisions and actions with as much flexibility as possible while representing the opinions of the broad membership.

To effectively achieve that, we really need your help. We will soon begin a discussion about how best to obtain your thoughts at the end of the Trial Period to make our final decisions. At that point and in the interim, it is critical that we receive your input – whether you are committed to litigation, to continuing the shuttle program, or neither. Our goal continues to be making decisions with input and direction from the broad Martis Camp membership. Please send your feedback to associationfeedback@martiscamp.com. We do review and evaluate each and every email, and try to respond as appropriate.

Finally, we appreciate all the kind words for our efforts to date. Whether you agree or disagree with our course of action, all have thanked us for taking on this task - you can bet that motivates us and we appreciate it.

From the MCCA Board,
