WINTER THE CAMP

The time is here when we start peeking out the window at the thermometer, watching the temperature drop and hoping for snow. The arrival of winter is welcomed with great anticipation around The Camp, transforming the landscape into a snowy playground and ushering in a host of activities unique to our alpine setting.

An incredible winter awaits, starting with our Thanksgiving feasts and annual holiday tree lighting. Lookout Lodge and the Martis Camp Express lift open in mid-December (weather permitting), followed by our New Year’s Eve Family Barn Bash, Camp Lodge Celebration and Fireworks Spectacular to close out 2014 with a bang.

We’ll start the New Year with skiing, boarding, sledding, cross-country outings and snowshoeing on the trail network. Inside we’ve got Folk School classes, movies and bingo in the theater, and fantastic dining options all over The Camp. With so much going on, don’t forget Après Ski at Lookout Lodge every afternoon. Toast to winter and celebrate everything that makes it so special – blizzards, alpenglow, and those blissful mornings when we wake up to snow and eagerly head out to the mountain.

And for those of you who prefer the hot days of summer to the cold days of winter, we’re here to help you reconsider. Cozy up to the fire at Lookout Lodge and warm your hands on a mug of hot chocolate. With everything the season offers and everything we have in store for you, winter at The Camp just might change your mind.

See you on the mountain,
 Mark Johnson, General Manager

Warren Miller’s 2014 film, No Turning Back, pays homage to the 65 years of mountain culture and adventure filmmaking that has lead WME to every end of the winter world. We’re taking a legacy that dates back to before skis had edges and mountains had condos and we’re running with it to the steepest peaks around the globe and back to the Mom-and-Pop hills that define skiing and riding.

Since he began creating films in 1949, Warren Miller has known that as skiers and riders, there’s no need to look back; we have to continuously drive to keep our edge and chase the snow. This year, we prove that not much has changed when it comes to why these athletes tilt and turn down mountains and pray for storms. Sheer delight. Welcome this winter season and remember there’s No Turning Back.

COMMUNITY INFORMATION

Gatehouse Ambassadors are here to welcome you and your guests to The Camp, while providing House Watch and Alarm Monitoring programs for the care and security of your home. Whatever the need, we’re here to help throughout the community.

TRANSPONDER ACCESS

A transponder is an electronic device that works in conjunction with the Gatehouse Security Access System. This device transmits a signal upon approach to the Gatehouse that automatically opens the member gate for easy access. Additionally this device announces the name of the homeowner or family member to which each transponder is assigned.

GUEST ACCESS

All guests must be authorized for access with the Gatehouse prior to entrance into the community. Homeowners may call or e-mail the Gatehouse with guest information (name, number in party, duration of stay). Guests may be registered on a homeowner’s permanent guest list for recurrent access. Should a homeowner’s guest not be listed, the Gatehouse will make every attempt to contact the homeowner to confirm authorized access before turning any guest away. All guests will be issued a vehicle access pass before entering the community.

Safety & Security Ray Holcombe

or rayh@martiscamp.com

HOUSE WATCH PROGRAM

The House Watch program offers homeowners peace of mind while away from their residence. The program provides regular interior and exterior home inspections with immediate notification to homeowners of any issues or concerns. Key features of the program include:

- Regular interior and exterior home and property inspections
- Key management
- Guest/contractor/vendor/maintenance access management
- Home arrival and departure services
- Home inspection after a significant weather or other natural event

ALARM MONITORING PROGRAM

The Alarm Monitoring Program offers homeowners 24-hour alarm monitoring by Gatehouse staff. Staff will respond to a home upon any alarm notification. Response efforts are considered to be in an “observe and report” capacity. Any action(s) taken are to assist the homeowner, local law enforcement and rescue crews. Medical or fire alarm responses consist of stabilization or preventative efforts. Additionally, the Alarm Monitoring Program helps reduce or eliminate false alarm response by police and fire agencies. Key features of the program include:

- 24-hour alarm monitoring
- Immediate response to any home alarm
- Local response agency assistance
- False alarm reset
- Scheduling and performance of weekly alarm testing
- Homeowner notification of system tests or service disruption

MAIL SERVICE

Mail service is available for all members at the Mail Room in the Camp Lodge. If members choose to have mail delivered to the Camp Lodge, the Postmaster requires a rural mail delivery application to be completed and submitted to the Post Office. The Camp Concierge can provide the form and submit it to the Postmaster. Please note, FedEx and UPS packages will be left at the Gatehouse.
