

# WINTER

2015/16

at *The Camp*

# Glorious winter.

**Your morning alarm is the snowplow, your day is measured in ski runs and the only obligation of the afternoon is Après Ski at Lookout Lodge.**

How lucky we are to experience winter at Martis Camp, as the colors change, the sun sits lower in the sky and the landscape transforms under a blanket of snow for all to enjoy. This turn of seasons signals the end of the year and the beginning of winter – a wonderful time to be at The Camp, with an array of events for your family to enjoy together.

The season starts with our Thanksgiving dinners at the Family Barn and Camp Lodge, and continues through the holiday weekend with our Lights On! Holiday Tree Lighting and Concert – an exciting outdoor event to spark your spirit and light up your world. To the delight of skiers and boarders, December brings the opening of Lookout Lodge and the Martis Camp Express Lift. It's anyone's guess what Mother Nature and El Niño will bring this year, but you can be sure that our team at Lookout Lodge can't wait to get you out on the mountain to enjoy the snow.

New Year's Eve offers a trio of spectacular celebrations for the whole family. Ring in the arrival of 2016 with a balloon drop, fireworks at the Family Barn and a memorable evening with music at the Camp Lodge.

As winter marches forward, the fun continues inside and out. From Signature Snowshoe Tours to Winter Wine Dinners to a vibrant schedule of creative Folk School classes, there's much to explore – by foot, by hand and by heart as we embark on another winter season in this magnificent place we call home.

# Community Information

## TRANSPONDER ACCESS

A transponder is a small electronic device that works in conjunction with the Gatehouse Security Access System. This device transmits a signal upon approach to the Gatehouse that automatically opens the member gate for easy access. Additionally this device announces the name of the homeowner or family member to which each transponder is assigned.

Members who have a handheld transponder will need to exchange it, free of charge, for a window-style transponder. Members requiring a headlamp-style transponder will be charged a one-time upgrade fee of \$25. After November 1st, handheld transponders will no longer work with our upgraded software.

## GUEST ACCESS

All guests must be authorized for access with the Gatehouse prior to entrance into the community. Homeowners may call or email the Gatehouse with guest information (name, number in party, duration of stay). Guests may be registered on a homeowner's permanent guest list for recurrent access. Should a homeowner's guest not be listed, the Gatehouse will make every attempt to contact the homeowner to confirm authorized access before turning any guest away. All guests will be issued a vehicle access pass before entering the community.

## MAIL SERVICE

Mail service is available for all members at the Mail Room in the Camp Lodge. To receive mail delivery at the Mail Room, a mail delivery application must be completed and submitted to the Post Office. The Camp Concierge can provide the form and submit it to the Postmaster.

Please note, FedEx and UPS packages will only be accepted at the Gatehouse for members enrolled in the House Watch Program. Members enrolled in the program will subsequently have their packages delivered to their residence.

## HOUSE WATCH PROGRAM

The House Watch Program offers homeowners peace of mind while away from their residence. The program provides regular interior and exterior home inspections with immediate notification to homeowners of any issues or concerns. Key features of the program include:

- **Regular interior and exterior home and property inspections**
- **Key management**
- **Guest/contractor/vendor/maintenance access management**
- **Home arrival and departure services**
- **Home inspection after a significant weather or other natural event**

The House Watch Program enrollment form is available online at [martiscamp.com/gatehouse](http://martiscamp.com/gatehouse).

For information,  
contact the Gatehouse  
at (530) 550-6100 or  
(530) 386-4103 (emergency)  
or [gatehouse@martiscamp.com](mailto:gatehouse@martiscamp.com)

## ALARM MONITORING PROGRAM

The Alarm Monitoring Program offers homeowners 24-hour alarm monitoring by Gatehouse staff. Staff will respond to a home upon any alarm notification. Response efforts are considered to be in an "observe and report" capacity. Any action(s) taken are to assist the homeowner, local law enforcement and rescue crews. Medical or fire alarm responses consist of stabilization or preventative efforts. Additionally, the Alarm Monitoring Program helps reduce or eliminate false alarm response by police and fire agencies. Key features of the program include:

- **24-hour alarm monitoring**
- **Immediate response to any home alarm**
- **Local response agency assistance**
- **False alarm reset**
- **Scheduling and performance of weekly alarm testing**
- **Homeowner notification of system tests or service disruption**

The Alarm Monitoring Program enrollment form is available online at [martiscamp.com/gatehouse](http://martiscamp.com/gatehouse).
